In re Application of: Malthe-Sorensen et al  
Patent No. Not Available  
Application No.: 09/923,060  
Filed: August 6, 2001

: RESPONSE TO REQUEST TO  
; CORRECT INVENTORSHIP  
: UNDER 37 C.F.R. § 1.48 (a)

For: METHOD OF MODELING OF FAULTING AND FRACTURING IN THE EARTH

This is a correction to the previous response to the petition mailed 6/8/06, which erred in providing a patent number for this application. Currently, and at the time of the previous correspondence, a patent number has yet to be assigned to this issued patent application. Sorry for any inconvenience this may have caused.

Applicants' request to correct the inventorship of the above-referenced application filed under 37 C.F.R. § 1.48(a) has been received. This petition is GRANTED.

A proper petition under this code section requires the following items. 1) A request to correct the inventorship that sets forth the desired inventorship change. 2) A statement from each person being added as an inventor and from each person being deleted as an inventor that the error in inventorship occurred without deceptive intention on his or her part. 3) An oath or declaration by the actual inventor or inventors as required by § 1.63 or as permitted by §§ 1.42, 1.43 or § 1.47. 4) The processing fee set forth in § 1.17(i). 5) If an assignment has been executed by any of the original named inventors, the written consent of the assignee. Applicant's have complied with each requirement.
